Samat Daumov, Partner of GRATA International became a graduate of the first training course of the Investor School at the Astana Hub International Technology Park of IT startups

Samat Daumov, Partner, representative of the GRATA International law firm in the UAE passed the selection and became a graduate of the first training course of the Investor School at the Astana Hub International Technology Park of IT startups. This intensive course is provided for venture capital investments for investors and business angels. The course program is aimed at creating a holistic view of the methodology for evaluating and investing in technology companies.

The speakers were representatives, founders of large venture capital funds, international organizations of investors, experts from Silicon Valley and private business angels.

According to the results of training, graduates of the online investor's school will receive an invitation to the exclusive Astana Hub Invest Daya private event where the best startups will present their projects to a small circle of investors this summer.
