Tajikistan cancels state duty to start and liquidate a business

The Government of Tajikistan cancels the payment of state fees for registration or liquidation of organizations and enterprises, regardless of the form and types of activity. The same easing is expected for individual entrepreneurs.

Corresponding amendments to the Law of the Republic of Tajikistan "On State Duties" were adopted on 23 October 2019 by the lower house of parliament.

The deputy head of the Tajik government's Tax Committee noted that the amendments, prepared on behalf of the government, are aimed at reducing financial costs and saving time for entrepreneurs when setting up or liquidating their businesses.

The deputy head of the Tajik Tax Committee added that the amendments help to raise Tajikistan's rating in the World Bank's Doing Business report on the indicator "business registration".
