Business relocation to Georgia

Benefits of relocation of business to Georgia:

- ▶ Strategic geographical location (i.e. a door to Russia and the Eurasian Economic Union, a single market of 183 million people, as well as to China and to Central Asia) and ease of travel to Europe and East Asia with direct flights to major destinations;
- ▶ The EU and Georgia signed an Association Agreement on 27 June 2014, which entered into force since 1 July 2016. The agreement introduces a preferential trade regime – the Deep and Comprehensive Free Trade Area (DCFTA). This regime increases market access between the EU and Georgia based on having better matched regulations;
- ▶ Georgian Language is the official language in Georgia. Residents of Georgia, approximately above 40 years, have good command of Russian. English language is quite commonplace across all ages;
- ▶ Flexible legal forms of doing business;
- ▶ A developed and stable banking system, advanced digital banking infrastructure, liberal approach towards foreign capital and foreign currency, internationally-oriented banking regulations;
- ▶ The visa policy of Georgia allows citizens of 98 countries to enter, reside, work and study in Georgia for 1 full year without the necessity to obtain either visa or residence permit;
- ▶ Low tax rates and preferences, especially as regards CIT, which aims to bolster corporate growth;
- ▶ Low cost of labor and utilities.
