Mining Law 2020: Kazakhstan

The mining sector plays an important role in the Kazakh economy, at 13-14% of the country's GDP and more than 20% of its exports.

The Kazakhstan state balance takes into account mineral reserves for 102 types of mineral raw materials, including 40 types of solid minerals.

Content:

1. General Framework
2. Environmental Protection and Community Relations
3. Climate Change and Sustainable Development
4. Taxation
5. Mining Investment and Finance
6. Outlook and Trends
