Turkmenistan

List of offices

Ashgabat

As part of minerals rich and emerging markets Caspian region Turkmenistan is becoming increasingly popular with foreign companies and investors.

As a logical step towards creation of a fully-fledged practice in 2011 GRATA International moved to open a Turkmenistan desk staffed with both qualified foreign legal attorneys and local Turkmen counsel. Our consultants are fully acquainted with and experienced in Turkmenistan laws and legal system.

The Turkmenistan desk is a natural progression for GRATA International, which is the leading law firm Central Asia with operational offices in [Azerbaijan](#), [Kazakhstan](#), [Kyrgyzstan](#) and [Uzbekistan](#).

GRATA International has earned international recognition for its expertise in areas of foreign investments, M&A, capital markets, project finance and financial transactions across Central Asia and Caucasus.

The ability to provide value-for-money legal services and understanding the local cultures of the Central Asia region are some of our main strengths.

Tashkent -based finance partner [Atabek Sharipov](#) leads the Turkmenistan Desk with support from Ashgabat based team of experienced practitioners.

Most recent experience

Advising Japan Bank for International Cooperation on Turkmenistan law aspects in connection with a series of cross-border financial transactions involving lending to the Government of Turkmenistan.

Advising MUTB Global Business on applicable license, registration, permission and other regulatory requirements and restrictions on marketing or solicitation in the context of Turkmenistan laws.

Advising European Bank for Reconstruction and Development on enforcement of court resolutions in Turkmenistan including overview of applicable laws and practice and development of suggestions for improvement.

Advising multinational pharmaceutical companies on Turkmenistan law governed commercial contracts and related legal issues including risk analysis and applicable remedies.

Advising a major multinational telecom investor on Turkmenistan tax law aspects and commercial agreements with suppliers of various services in Turkmenistan.

Registering a branch office of major South Korean and Japanese companies in Turkmenistan (2015). Liquidating representative offices of European companies.
